

Whether this can be described as duress, I do not know, but it was certainly the case that even my wife, who is innately suspicious and very difficult to deceive was for a short time impressed by his assurances that everything was going well, even the fact that, for example, David had good qualifications in physics was very helpful in the electronics field and which I gather is important in detective work.

Anyway in this regard I rely on your judgement, assure you that any costs will be met and that if you feel it helpful that I should write to any authority in Australia, then you let me know

With renewed thanks and best wishes,

Yours Sincerely
